Dear Sir/Ma'am

I am willing to appear for **Second Examination** for the course IBM-308 (Innovation, Business Models and Entrepreneurship). I was absent on the day of the examination but the portal is showing present.

I had contacted my course-coordinator, he has already forwarded my mail to the academic office or the dean. I was continuously trying to contact the academic office through a phone call, but got no response. Please find the mail sent by him and guide me accordingly.

Thanks & Regards

Kindly coordinate with the course coordinator, examine and decide.
If he was absent and fulfills other criteria, he may be allowed.
